Three Dogs  
and a boat !

## Somerset Micro Machine Show

Sue Maurice Daras and Louisa met up with Tim and Vera ( In a 2CV from Just 2CV!)

The weather stayed dry and was warm and sunny at times but fairly cool at night with Saturday night a little cold! On Saturday there was a convoy to the Haynes Motor Museum at Sparkford near Yeovil which was fascinating and had an amazing collection of cars and more makes of Scooter than I ever new existed. Sunday was Display day and one of the fields on site was absolutely crammed with an amazing array of micro cars ( plus the Citroen Specials and a few purer A series vehicles!). Maurice.

## Ethanol cont.....

Coincidentally I was going to write a little piece on this subject and have now seen the good article in 2cvGB News.

Anyway, my contribution to this is that I bought a new lawn mower and it came with a bottle of Fuel Stabiliser with a leaflet all about the perils of leaving petrol in a non air tight container. Apparently Ethanol attracts water and this combined with Ethanol makes for a corrosive mixture...clogging up filters, attacking brass etc etc.

The moral here I suppose is to use our classics all the time (inc winter) and keep the petrol flowing !!!

Something to chat about at our next meet up !!!!

S
